RIFLE MATCH

You want to win. The SK Rifle Match is a high-performance rimfire cartridge especially developed for rifle shooting in all 50 m disciplines. It is characterized by high reliability and optimal hit performance. Whether the objective is intensive training or a competition, the SK Rifle Match delivers the perfect result. An ambitious shooter can reach any goal with this premium ammunition, manufactured with greatest care and using our top level technologies.

Convince yourself. Test the SK Rifle Match.

PISTOL MATCH SPECIAL

Handgun ammunition for ambitious shooters. We offer our successful Pistol Match Special ammunition for the prospective marksman. Manufactured and tested according to strict quality standards, Pistol Match Special delivers higher velocity out of shorter barrels and guarantees outstanding precision and functionality. Whether you are a beginner or an established shooter, with Pistol Match Special you will be in the lead in training and competition.

PISTOL MATCH

Especially developed for pistol shooters. Thanks to the close cooperation with pistol shooters, the Pistol Match developed by SK has improved and progressed continuously. Thanks to many years of experience, the quality continued to improve so as to guarantee the best possible hit performance and function. Countless medals have been won in national and international title competitions. Try out this specially developed short barrel cartridge and enjoy its advantages.

LONG RANGE MATCH

The SK Long Range Match ammunition is designed for demanding rimfire enthusiasts regularly acquiring targets out to 100 yards and beyond. It is purpose-built for today's long range rimfire shooting disciplines increasing in popularity, such as PRC, tactical rimfire, long range silhouette, and more.

Keep your distance with SK Long Range.

BIATHLON SPORT

Biathlon Sport is a result of innovative engineering, and a long history of close co-operation with top biathletes. The bullet has ideal velocity for frigid conditions, and it is designed for optimum ballistic performance, even in tough and windy conditions. The cartridge has a special lubricant designed specifically for perfect performance in freezing conditions. It is effective and reliable energy combined with the finest accuracy.

The SK headstamp – sign of quality.

IBU SUPPLYING GOLD PARTNER

SEMI-AUTO RIFLE

SK's "Semi-Auto Rifle" is designed to outperform, replace, and eventually retire all other inferior semi-auto ammunition offerings currently crowding the market. It's built to deliver pinpoint accuracy while functioning flawlessly through any 10/22 style firearms, AR's, 597's, 64's, and more.

Load. Engage Targets. Repeat.

HIGH VELOCITY MATCH

For discriminating 22 LR shooters that prefer lightning-fast speed, new SK High Velocity Match exits the muzzle at a blistering 1263 feet per second (385 m/s).

Disciplines such as PRS Rimfire, NRL22, and others where every second counts, trust High Velocity Match to strike on-target, with speed and precision. SK's 40 grain round-nose projectile is combined with a proprietary blend of clean-burning, high-energy propellant for reliable functioning in any platform – shot after shot.

▶ RIFLE MATCH
A competition cartridge with high reliability and exceptional precision for rifle shooting at 50 m.

▶ STANDARD PLUS
The all-round training ammunition for rifle and pistol with reliably high quality.

▶ PISTOL MATCH
A specially designed cartridge to meet the demanding requirements of competitive pistol shooters. It's a rare event where SK Pistol Match isn't found in the gun boxes of the winning shooters.

▶ PISTOL MATCH SPECIAL
If your prefer a faster ammunition when pistol shooting, choose the Pistol Match Special.

▶ LONG RANGE MATCH
Purpose-built for today's long range rimfire disciplines such as PRC, tactical rimfire, long range silhouette and more. Reliably acquire targets out to 100 yards and beyond.

▶ BIATHLON SPORT
This cartridge was especially developed to maintain its exceptional precision under cold and windy conditions.

▶ SEMI-AUTO
Designed to outperform all other semi-auto ammunition offerings currently crowding the market. It's built to deliver pinpoint accuracy while functioning flawlessly through any semi-auto firearm.

▶ HIGH VELOCITY MATCH
For demanding 22 LR shooters that prefer lightning-fast velocity in disciplines such as PRS Rimfire and NRL22, High Velocity Match strikes on-target with speed and precision.

▶ MAGAZINE
The universal training cartridge in the 500 pack. Suitable for pistol and rifle shooters.

DISTRIBUTORS WORLDWIDE.
